

Poster Session

Thursday, October 11, 2007

2:00 pm- 4:00 pm

The poster session is open to ALL areas of chemistry. We would particularly like to encourage visitors to the University of Connecticut to present a poster about their ongoing (undergraduate, graduate, or industrial) research projects. This is a fine opportunity to present your research in a relaxed environment.

The posters should be set up in the first floor atrium of the chemistry building by 1:45 pm. A 4' by 6' space will be provided for each poster. At least one author is requested to be present during the Poster Session.

Please submit a 200-word (maximum) abstract to Emilie Hogrebe at E.Hogrebe@uconn.edu. The deadline for reserving your poster space is Friday, September 28, 2007 while the deadline for abstract submission is Friday, October 5, 2007. Please use the following guidelines when preparing your abstract:

Please submit the following by email to: e.hogrebe@uconn.edu

Title:

Author(s) name: (Using the following format: J. A. Doe)

Institution:

Abstract: (200-word maximum).

Email Address (Primary Author):
