Chemical splash to the eyes?

**EYEWAsh STATION**

- Immediately rinse eyeball and inner surface of eyelid with running water for 15 minutes (forcibly hold the eye open if necessary).
- Seek medical attention.
- Notify your TA or laboratory supervisor.

Chemical spill over large body areas?

**SAFETY SHOWER**

- Remove contaminated clothing (use scissors if needed - do not pull contaminated clothing off over your head).
- Rinse affected body area with running water for at least 15 minutes.
- Seek medical attention.
- Notify your TA or laboratory supervisor.

Undergraduate Chemistry Majors,

are you looking for internships or research opportunities outside of UConn or are you interested in staying at UConn for the summer to do research here?

Check out “Department Postings for Chemistry Majors” on HuskyCT (under Non-Class Sites) for information that you might find useful when it comes to getting scholarships, undergraduate research positions at UConn and beyond, summer jobs in industry, and leadership opportunities in the University. Content is updated frequently, so be sure to keep checking the folders with content important to you!

Do not have access to the non-class site? Email jill.grakowsky@uconn.edu to be added.

Reminder: Last day of classes is Friday, December 7th and final examinations begin Monday December 10th.
